

Samsung Galaxy Tab 4 10.1 Micro USB Replacement

This guide demonstrates how to replace a charging port or the micro USB.

Written By: Parth Parikh

INTRODUCTION

Before starting, please buy the the replacement Micro USB for the Samsung Galaxy Tab 4 10.1.

TOOLS:

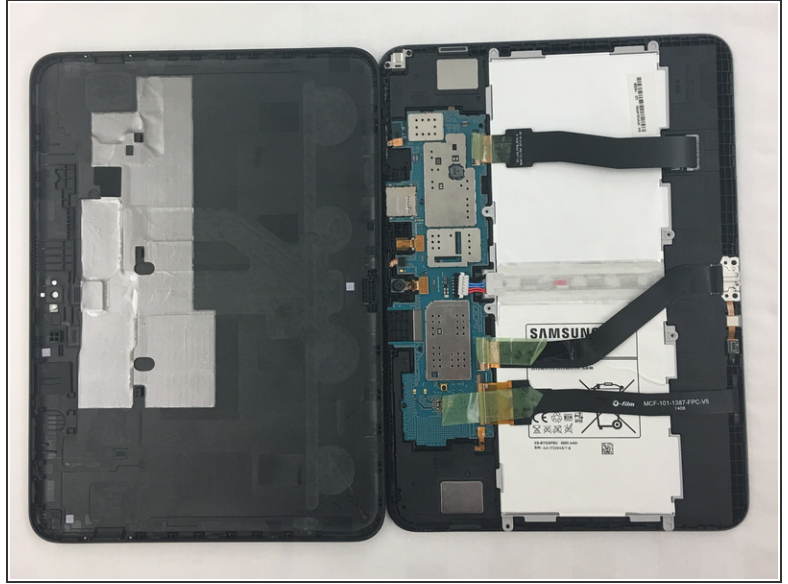

- [Phillips #00 Screwdriver](#) (1)
- [Spudger](#) (1)

PARTS:

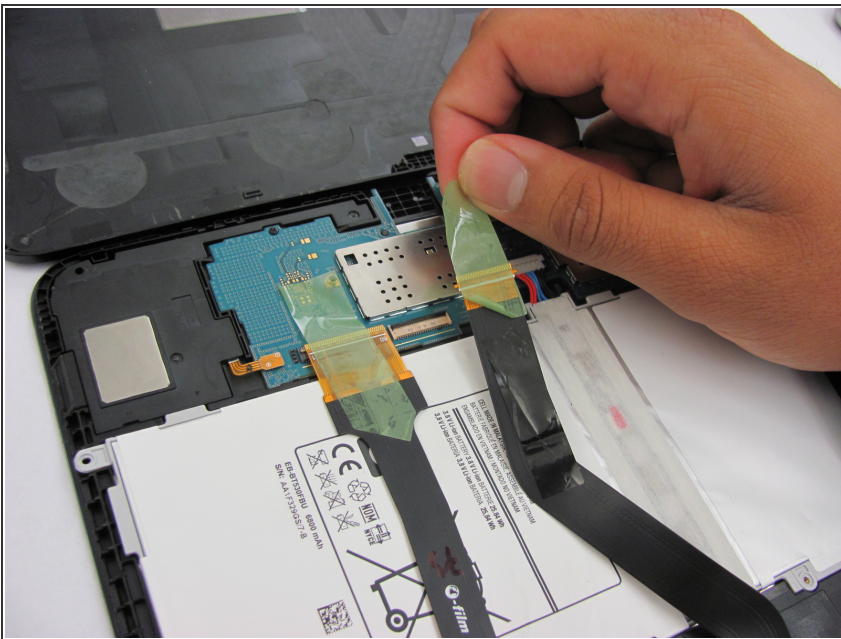

- [Galaxy Tab 4 10.1 Charging Assembly](#) (1)

Step 1 — Micro USB

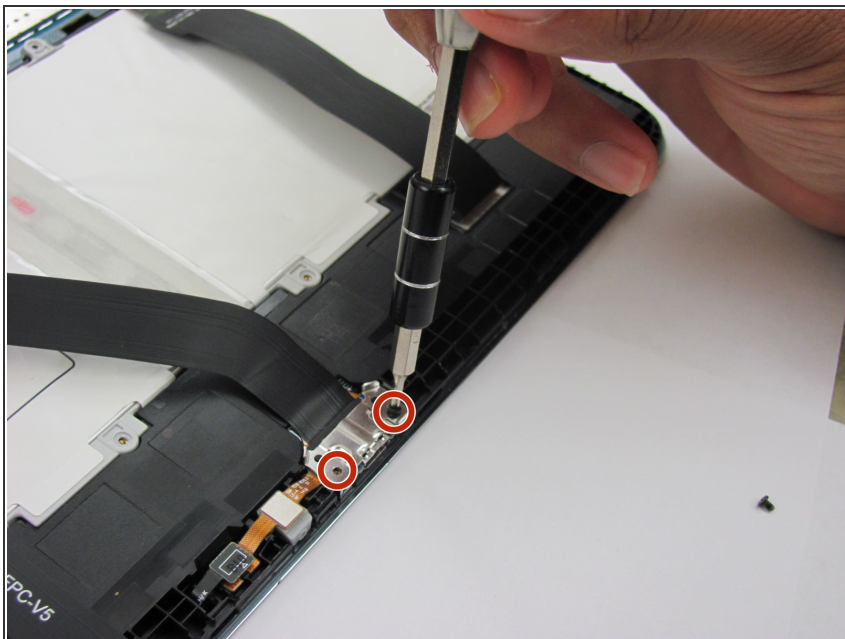

- Insert the wedge of the nylon spudger and slide it between the front and back panels until the back comes off.

Step 2

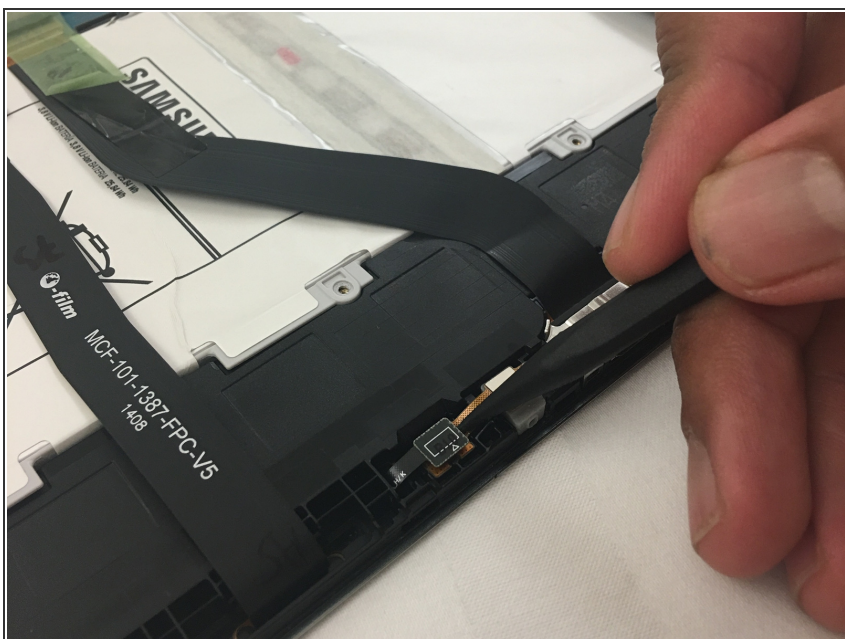

- Peel off the green tape that covers the connectors for the three black strips.
- Use the tip of a spudger or your fingernail to flip up the small retaining flap.

Step 3

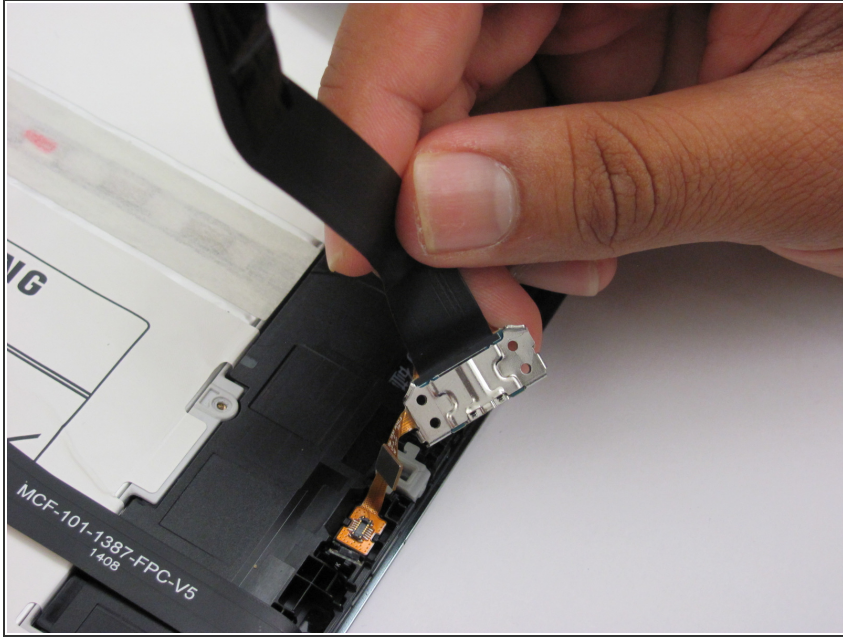

- Use a Phillips #00 screwdriver to remove the four 3.2mm screws.

Step 4

- Use the nylon spudger to remove the native tab by wedging it under each side and prying up. Then, lift it straight up from its socket.

Step 5

- Carefully pull out the charging port.
- ⓘ This may take some force because of the sticky glue.

To reassemble your device, follow these instructions in reverse order.
